

# THE TEACHTOWN CHRONICLE

July 28, 2025 | Volume 1

Presented by TeachTown Inc.

## ENTERTAINMENT

August 1st is **National Spider-Man Day**. This Marvel comic book was created in 1962 by Stan Lee and Steven Ditko. In the 1960s, it was an animated cartoon. In 2002, the first Spider-Man movie was created. There have been four additional movies made. To celebrate, head to a comic book store and grab one of the Spider-Man stories.

## FUN FACT

July 28th is  
Milk Chocolate  
Day!

Milk chocolate is made with cocoa, sugar, and milk. It is a sweet and creamy type of chocolate. It takes about 400 cocoa beans to make one pound of chocolate!

## SPORTS

The **Tour de France** is a cycling race that takes place every year in France. Only those who are invited can compete. It is like a bicycle marathon, but it lasts for three weeks. The race covers a long distance, about 2,235 miles. It began on July 5th in the city of Lille and concluded on July 27th in Paris, France. The race is divided into 20 day-long stages. They include flat stages, hilly stages, and mountainous stages. There are two rest days during the race. It is considered to be one of the most challenging sporting events in the world.

Look up at the sky on the evening of July 28th and July 29th to see the Delta Aquariid meteor shower. You can see it without using a telescope or binoculars. A meteor shower is an exciting event where you see a lot of shooting stars!
